

# KB STEEL INDUSTRIES

The background of the entire image is a dark, industrial setting with a blue tint. In the center, two workers wearing hard hats and safety glasses are looking at a large industrial machine. A bright orange molten metal stream is being poured from the machine. To the right, a large robotic arm is visible. In the foreground, several grey metal pipes of different shapes (circular, square, rectangular) are shown. At the bottom left, the company logo is displayed, featuring a stylized triangle and the text 'KB STEEL INDUSTRIES (PVT) LTD.'.

KB STEEL INDUSTRIES PVT. LTD.

# SPIRIT OF KB STEEL INDUSTRIES PVT LTD

We would like to introduce ourselves as one of the leading Steel Pipe Manufacturers and Stockiest. We are Pakistan Based Company established in 2010 having a steel trading background of 50 years. KB Steel Industries (Pvt) Ltd. is a multi-function steel pipe manufacturer and supplier. Steel pipe division is in charge of producing various types of pipes.

Those steel pipes are under strict manufacturing process and thoroughly examined to meet a host of industries' requests. Our steel pipes are application for marine construction, oil and gas, petrochemical, construction, air conditioning, chemical, sewage transportation purpose.

We are already supplying steel items to Heavy Engineering Industries, Process Industries, Cement Factories, Power Generation Groups, Water Desolation, Fabrication, Construction Companies, Sugar Mills, Paper Mills, Textile Industries, Auto Parts Industries, Chemical Industries, Fertilizer Companies, Feed Mills, Steel Pre-Engineering and Electro Mechanical Projects.

- **High-Quality Manufacturing**
- **50 Years of Expertise**
- **Diverse Industry Applications**
- **ISO Certified & Sustainable**

# DIRECTOR WORDS

At KB Steel Industries (Pvt) Ltd., we take pride in being one of Pakistan's leading steel manufacturers and stockists. Since our establishment in 2010, our journey has been driven by a commitment to excellence, innovation, and customer satisfaction. With over 50 years of industry experience, we continue to set high standards in quality and reliability.

growth of Pakistan's steel industry by providing top-quality steel products that cater to diverse industrial needs. Whether in construction, engineering, or manufacturing, KB Steel remains dedicated to delivering the best solutions with precision and durability.

I extend my gratitude to our valued customers, partners, and employees for their trust and support. Together, we will continue to build a stronger future.

*Imran Yousaf Butt (Director)*

# CEO WORDS

At KB Steel Industries, we are dedicated to delivering **high-quality steel products** that exceed industry standards. Our **50 years of experience** have positioned us as a leader in the steel industry, providing durable and innovative solutions for various sectors including construction, oil & gas, and infrastructure.

We believe in continuous improvement, sustain ability, and customer satisfaction.

Our team of professionals works with **\*\*precision, integrity, and commitment\*\*** to ensure that every product we manufacture meets the highest levels of quality and reliability.

Industries will continue to invest in **\*\*technology, talent, and research\*\***, ensuring that we remain at the forefront of the steel industry in Pakistan. We value our partners, clients, and employees who contribute to our success.

Thank you for being a part of our journey. Together, we build the future with strength and innovation.

*Kamran Yousaf Butt (CEO)*

# VISION

Our vision is to be the benchmark in the steel industry for value creation and quality products. Our people; a talented team of professionals, who continue to respond to new challenge with agility,

# MISSION

We strive to become the premier steel company in Pakistan. We realize that the key to this lies in prioritizing our client's needs, and we hope to achieve this through exceptional financial and operational performance.

# CORE VALUES

- Commitment
- Professionalism
- Integrity
- Ethics
- Responsibility
- Team Work
- Open Environment
- Service to Humanity
- Continuous Improvement

# SERVICES OFFERED BY

KB STEEL  
INDUSTRIES PVT LTD

## SHEARING MACHINE

Our high-precision shearing machines provide accurate and efficient cutting solutions for various metal sheets.

## LOADING & UNLOADING

We provide professional loading and unloading services to ensure safe and efficient handling of goods.

## TRANSPORTATION

Reliable transportation services to ensure timely delivery of materials across various locations.

## SHEET FABRICATION

Our expert sheet fabrication services cater to diverse industrial needs with precision and durability.

## WAREHOUSING & POWER BACKUP

We offer secure warehousing facilities with uninterrupted power backup to ensure safe and efficient storage solutions.

# PRODUCT RANGE

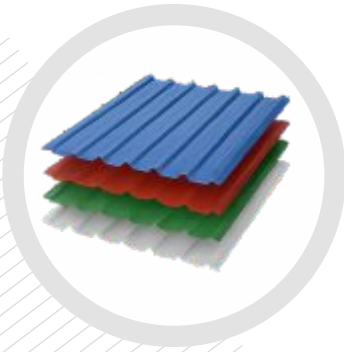

We specialize in manufacturing & supplying a wide range of steel Products:

- Hot Rolled Coils & Sheet
- Cold Rolled Coils & Sheets
- Square Pipes
- Rectangle Pipe and Tube
- Coated Products
- Galvanized Products
- Galvanized & PPGI Corrugated Sheet
- Color Coils & Sheets
- Tin Plate Coils & Sheet
- Structural Steel Products
- MS Flat
- MS Pipes
- G. I. PIPE
- Solar Structure

Additionally, we supply all types of steel bars and beams for both commercial and domestic applications. All long steel products are custom fabricated, cut to size, and ready for installation.

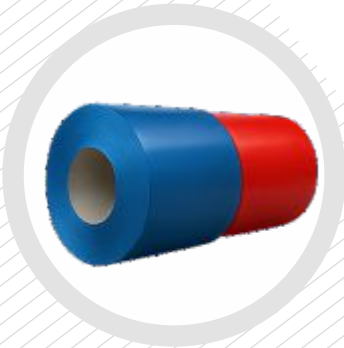

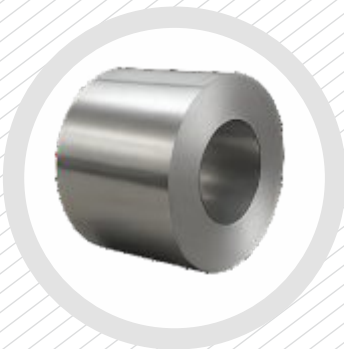

## Galvanized & PPGI Corrugated Sheets

Our high-quality galvanized and PPGI corrugated sheets offer superior durability, weather resistance, and aesthetic appeal—perfect for roofing, cladding, and industrial applications. Made from premium steel with advanced coatings, they resist rust, corrosion, and UV damage while maintaining strength & flexibility.

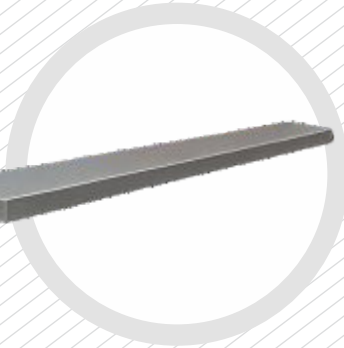

## Color Coils & Sheets

We specialize in manufacturing and supplying top-quality Color Coils & Sheets, designed to meet the diverse needs of the construction, automotive, and industrial sectors. Our products are made using high-grade materials and advanced coating techniques to ensure durability, weather resistance.

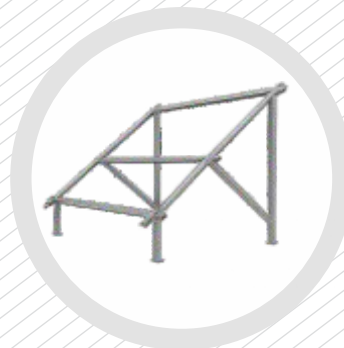

## Tin Plate Coils & Sheet

Premium-quality tin-plated steel coils & sheets with excellent corrosion resistance, formability, and solderability. Ideal for food cans, packaging, and industrial applications. Durable, eco-friendly, and compliant with international standards.

## Mild Steel (MS) Flat Bars

Durable and versatile MS flat bars with excellent weldability and machinability. Perfect for construction, fabrication, and structural applications. Available in multiple sizes, offering high strength and smooth finish.

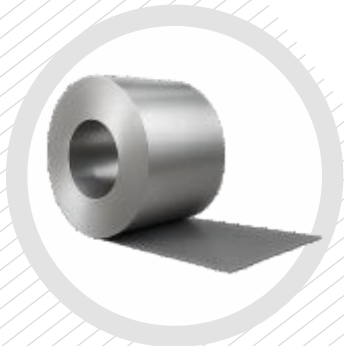

## Solar Structure Solutions

KB Steel Industries manufactures premium galvanized solar mounting structures designed for unmatched durability and longevity. years.

## Hot Rolled Coils & Sheet

Our HR Coils and Sheets are produced using advanced manufacturing techniques, ensuring \*\*high tensile strength, uniform thickness, and superior quality\*\*. We provide custom solutions to meet diverse industry requirements.

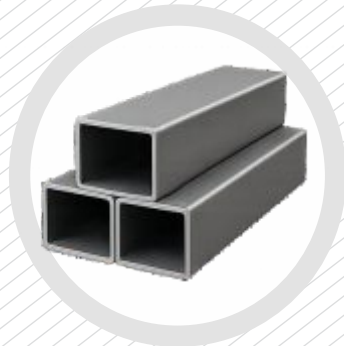

## Cold Rolled Coils & Sheets

KBI Steel offers high-precision cold rolled coils and sheets, manufactured with advanced technology for exceptional surface quality, uniform thickness, and superior mechanical properties.

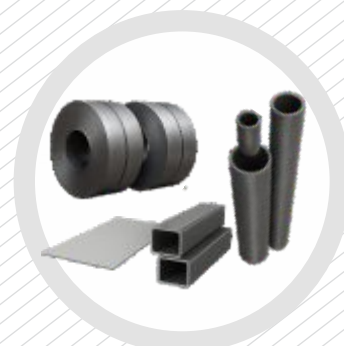

## MS Square Pipe

Our MS Square Pipes are manufactured with precision and durability, making them ideal for various industrial, construction, and engineering applications.

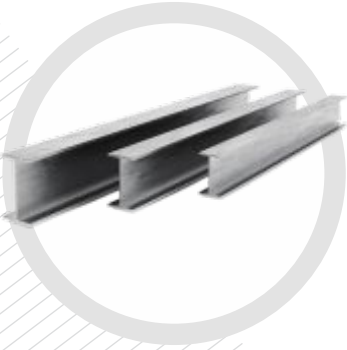

## Rectangle Pipe and Tube

KB Steel provides premium Rectangle Pipes and Tubes suitable for a variety of applications, including construction, fabrication, and industrial use. Our products are manufactured with precision to ensure durability, strength, and resistance to corrosion.

## Galvanized-Products

KB Steel provides **top-quality galvanized steel products**, ensuring high corrosion resistance, durability, and long-term performance. Our products are widely used in construction, roofing, fencing, automotive, and industrial applications.

## H Beam , I Beam

KTM's I-Beams & H-Beams offer superior load-bearing strength for construction, bridges & industrial projects. Custom sizes available.

## MS Girder

Our premium mild steel girders deliver unmatched load-bearing capacity for bridges, industrial structures & heavy construction. Available in custom sizes with precision welding for superior durability.

## Long Steel Bars

Our high-quality MS long steel bars offer exceptional tensile strength and durability for reinforced concrete, structural frameworks, and industrial applications. Available in multiple grades and custom lengths.

## Round Bars

Manufactured from high-grade mild steel, our round bars offer excellent machinability and strength for shafts, fasteners, construction, and fabrication projects. Available in multiple diameters and custom lengths.

Additionally, we supply all types of steel bars and beams for both commercial and domestic applications. All long steel products are custom fabricated, cut to size, and ready for installation.

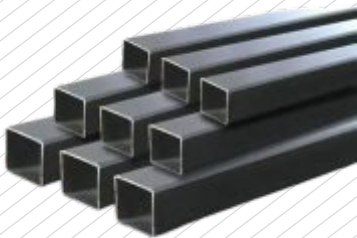

# MILD STEEL PIPE'S

## Strength That Supports Your Structure

At KB Steel Industries, we manufacture and supply high-quality Mild Steel (MS) Pipes tailored for a wide range of commercial and industrial applications. Our MS pipes are known for their durability, strength, and precise dimensions, making them the preferred choice for structural frameworks and fabrication needs.

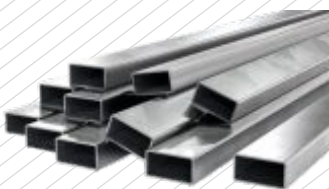

### MS SQUARE PIPE

Ideal for structural and architectural applications, offering high load-bearing capacity and aesthetic appeal.

### MS Round Pipe

Used in general engineering, construction, and mechanical purposes where uniform strength and pressure handling are essential.

### MS Rectangular Pipe

Preferred in construction projects for frames, support systems, and space-saving installations.

# CLIENTS

## OUR MAJOR PROJECTS

At KB Steel Industries, we take pride in serving a wide range of government and commercial clients across Punjab. Our commitment to quality, timely delivery, and customer satisfaction has earned us the trust of leading contractors, developers, and public sector organizations. We have successfully delivered steel solutions for infrastructure, construction, and industrial projects throughout the region. From small-scale commercial builds to large government contracts, our MS Pipes have played a vital role in strengthening structures across Punjab.

***KB Steel Industries – Trusted by Professionals, Chosen for Performance.***

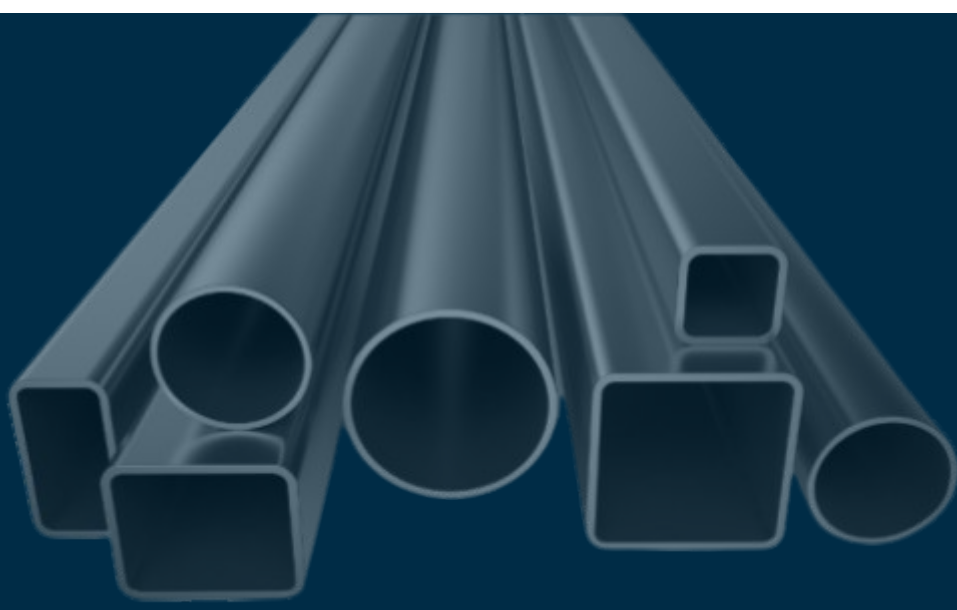

# FACTORY VIEW

Delivering Quality Steel Solutions with Strength, Trust, and Reliability Nationwide.
